MASTER CARE

Improves resistance

Care treatment to refresh floors. Protects against wear and scratches. Extends the lifetime of the floor.

Easy to use

Use a WOCA Wool Pad for a smooth application process.

Indoor climate labelled

Ensures a good working environment during application. Does not harm indoor air quality.

PRODUCT DESCRIPTION

Care for your vinyl floor, laminate floor or lacquered wooden floor using Master Care. This care product smoothens small scratches, increases the resistance of the surface and provides effective protection against wear. This extends the lifetime of the surface or floor. Because Master Care does not build up a

thick coating, you can use the product whenever it is required.

APPLICATION AREA

For all types of vinyl, laminate, PVC and lacquered/painted surfaces.

Product information

Coverage: 60 m²/L

Packaging: 1 L

WORK DESCRIPTION

Preparation

Wash the floor thoroughly with WOCA Intensive Wood Cleaner, until the surface is perfectly clean. Wash with clean water afterwards. Leave the floor to dry completely before application of Master Care.

Mixing ratio

Ready to use. Do not dilute.

Note

For best results, use WOCA Master Cleaner for regular cleaning of the treated surface.

TREATMENT

- 1 Shake the container well before use.
- 2 Apply the concentrated care product in a thin and even coat, using a WOCA Wool Pad and WOCA Blue Pad Holder. If the cloth/mop becomes dirty, rinse in clean water and wring thoroughly. Then continue the application. Do not apply additional Master Care once a surface has begun to dry.
- 3 Leave the floor to dry for approx. 30-60 min. before use. No polishing or other treatment is required afterwards.
